CAUTION

Do not exceed recommended dosage. The treatment of any anemic condition should be under the advice and supervision of a health professional. Since oral iron products interfere with absorption of oral tetracycline antibiotics, these products should not be taken within two hours of each other. Occasional gastrointestinal discomfort (such as nausea) may be minimized by taking with meals. Iron-containing medication may occasionally cause constipation or diarrhea. If you are pregnant or nursing a baby, seek the advice of a health professional prior to taking this product.

WARNING

ACCIDENTAL OVERDOSE OF IRON-CONTAINING PRODUCTS IS A LEADING CAUSE OF FATAL POISONING IN CHILDREN UNDER SIX YEARS. KEEP THIS PRODUCT OUT OF REACH OF CHILDREN. IN CASE OF OVERDOSE, CALL A DOCTOR OR POISON CONTROL CENTER IMMEDIATELY.
